Nordea Bank Abp provides full-services banking services. It operates through the following segments: Personal Banking, Commercial & Business Banking, Wholesale Banking, and Asset & Wealth Management. The Personal Banking segment offers

household customers a full range of financial services and solutions through digital and other channels. The Commercial & Business Banking segment serves, advises and partners with small, medium and large corporate customers. The Wholesale Banking segment provides financing, cash management, and payment services, investment banking, capital markets products, and securities services to large corporate and institutional customers. The Asset & Wealth Management segment offers investment, savings, and pensions solutions to individuals and institutional investors. The company was founded in 1820 and is headquartered in Helsinki, Finland.

\$228.82 B

\$24.08 B

First Citizens BancShares, Inc. is a bank holding company, which engages in the provision of retail and commercial banking services through its subsidiary. It operates

through the following business lines: Card Holder and Merchant Services; Services Charges on Deposit Accounts; Wealth Management Services; Other Service Charges and Fees; Insurance Commissions; ATM Income; and Other. The Card Holder and Merchant Services business lines include interchange fees from customer debit and credit card transactions. The Services Charges on Deposit Accounts business line represent monthly account maintenance and transaction-based service fees. The Wealth Management Services business line comprises sales commissions on various product offerings, transaction fees, and trust and asset management fees. The Other Service Charges and Fees business line encompasses check cashing fees, international banking fees, internet banking fees, wire transfer fees and safe deposit fees. The Insurance Commissions business line focuses in the commissions earned on the issuance of insurance products and services. The ATM income covers customers and non-customers for engaging in an ATM transaction. The Other business line composes several forms of recurring revenue such as FHLB dividends and income earned on changes in the cash surrender value of bank-owned life insurance. The company was founded on August 7, 1986 and is headquartered in Raleigh, NC.

Profile Spotlight

Unum Group

United States

Insurance

\$12.9 B

\$1.78 B

\$53.55 B

\$13.83 B

Unum Group is engaged in providing financial protection benefits. It operates through the following segments: Unum U.S., Unum UK, Colonial Life, Closed Block and Corporate. The Unum U.S. segment comprises of group long-term and short-term disability insurance, group life and accidental death and dismemberment products, and supplemental and voluntary lines of business. The Unum UK segment offers insurance for group long-term disability, group life, and supplemental lines of business which include dental, individual disability, and critical illness products. The Colonial Life segment includes insurance for accident, sickness, disability products, life products, and cancer and critical illness products. The Closed Block segment consists of individual disability, group and individual long-term care, and other insurance products no longer actively marketed. The Corporate segment refers to investment income on corporate assets and other corporate income and expenses not allocated to a line of business; and interest expense on corporate debt other than non-recourse debt. The company was founded in 1848 and is headquartered in Chattanooga, TN.

TDK
Japan
Technology Hardware & Equipment
\$14.23 B
\$1.1 B

\$24.09 B

\$19.35 B

TDK Corp. engages in the manufacture, distribution, and sale of electronic components. It operates through the following business segments: Passive Components, Sensor Application Products, Magnetic Application Products, Film Application Products and Others. The Passive Components segment offers ceramic capacitors, aluminum electrolytic capacitors, film capacitors, inductive devices, high-frequency components, piezoelectric material components, circuit protection devices, and sensors. The Sensor Application Products segment includes temperature and pressure, magnetic, and MEMS sensors. The Magnetic Application Products segment provides Hard Disk Drives (HDD) head, HDD use suspension, power supplies and magnet. The Film Application Products include energy devices like rechargeable batteries, and applied films. The Others segment covers mechatronics manufacturing equipment. The company was founded on December 7, 1935 and is headquartered in Tokyo, Japan.
